

NHS Birmingham South Central CCG presents...

The Big Social Conversation

Come and talk to us

Eid Mela
Cannon Hill Park

Sun 25 August 2013
12:30 – 6:30pm

The Big Social Conversation is talking about your views on local health services.

We want to know:

- All about your local health service experiences
- How can we make them better for you.

BSC CCG looks after healthcare services for those people living in the South and Central locations of Birmingham. We are led by local doctors and nurses who want to make the best decisions on service delivery to benefit their patients.

For the best outcome, we need ideas from you on how to improve the service. So come and be a part of the Big Social Conversation at the Eid Mela.
